## PROFESSIONAL EXPERIENCE

- Current  
|  
Mar 2020
- **Junior Data Consultant**  
Pandata 📍 Berlin
- Nov 2020  
|  
Jun 2016
- **Researcher**  
Disability Rights UK 📍 London
    - Conducted original quantitative and qualitative research on a range of policy areas, and used that research to develop original policy proposals and respond to government policies.
    - Produced statistical briefing papers and presentations based on my analysis of a range of sources, using national and international surveys and administrative data.
    - Communicated findings to professional and public audiences, including testifying before House of Lords Economics Select Committee and appearing on BBC News.
- May 2019
- **Instructor in Health Studies**  
Queen's University, Bader International Study Centre 📍 East Sussex
    - Designed and taught "Disability Studies: Issues, Research and Policy", a final-year undergraduate course with a particular focus on the process of policy development and comparative analysis of welfare states.
- Oct 2018  
|  
Jun 2018
- **Freelance Data Analyst**  
London Business School 📍 London
    - Designed a [methodology to analyse parliamentary speeches using structured topic models](#), and wrote methods section, data visuals and statistical tables for use in a future paper.
- Jun 2016  
|  
Oct 2015
- **Performance and Impact Officer**  
Future Leaders Trust 📍 London
    - Conducted primary and secondary analysis of school performance data using R and Excel, disseminated results internally through presentations and internal reports, and externally through press releases.
    - Assisted with improving the quality of internal data, through standardising formats, identifying existing errors, and delivering training on new recording procedures.
